**#MNCAFRICAINTERNATIONALCUP**

# **WELCOME TO AFRICA, WELCOME TO THE 1ST MNC IN KENYA!**

**Marenostrom Africa International Cup** is born with the desire to bring one of the biggest Football Tournaments in Europe to a region with a massive passion for football and great potential for young and upcoming footballers.

Our objective is to support and promote the massive football talent in the region and as well, to make this tournament **the premier youth football tournament in Africa**. In addition to nurturing and showcasing youth football talent, the primary goal is to **expose the massive talent and passion** to the outside world and create global connections and opportunities to develop African Football.

We aim to build up this tournament in the coming years, bring together some of the **best teams worldwide**, and make Nairobi the Capital of **Youth Football Development, Talent Identification & Intercultural Exchange** through a transformative sport like football.
